Dear Nancy,

It certainly was our pleasure to finally meet someone who is so well known and well respected within the community. Our visit to your site was certainly an enriching experience. Jane Saker and myself look forward to working closely with you and Ericka Ruine. Please let us know what sort of help you are looking for and we will try our best to send "good" people over.

The work you do at your site could never really be given proper praise. Most people take your fine work for granted. Let it be known that we think you are doing so much good for people of all walks of life. We are happy that you want to work with us to help people have a better life.
